*Floraison juin*

### **Tasting :**

A selected parcel where we find the Sauvignon (80 %) and the Chardonnay (20 %), brought to their most powerful expression intense. Aged in wooden barrels and in tanks, the wine comes on fresh and candied fruits, balanced of fern, and Angelique, fennel or liquorice, with a dense texture, almost tannic, and fat, fed by the ageing on fine lees. The material, the elegance and the length in mouth give to this white a real personality and a great aptitude to gastronomic harmonies.
